PLATINUM POWER

SEVEN (07) CONSORTIA PREQUALIFIED TO THE TENDER FOR THE DESIGN, CONSTRUCTION, SUPPLY AND COMMISSIONING OF THE MAKAY HYDROELECTRIC PROJECT

Press Release Casablanca, October 13th, 2017

On May 24th, 2017, Platinum Power launched the process for the pre-qualification of the consortia that will be invited to take part in the tender for the design, construction, supply and commissioning of the Makay hydroelectric project under a lump sum turnkey contract.

The Makay Hydroelectric project, with an expected installed capacity of 365 MW, is located on the Nyong River, in the Nyong-et-Kelle Department, Central region of the Republic of Cameroun.

Based on the review and examination of all submitted candidacies, the following candidates have been prequalified (in alphabetical order):

- 1. Acciona Construction / Acciona Industrial / Cooperativa Muratori Cementisti Ravenna;
- 2. Andrade Gutierrez Engenharia S.A / Andrade Gutierrez Europa, Africa, Asia S.A / Construtora Barbosa Mello SA;
- 3. China Ghezouba Group Company / China Energy Engineering Corporation;
- 4. China State Construction Engineering Corporation / Pearl River Planning Surveying & Designing Company;
- 5. Mota Engil Africa;
- 6. NGE Contracting / Besix / SGTM;
- 7. Sinohydro / Power China.

The above listed consortia will be invited to participate to the Request for Proposal, scheduled for launch in the coming weeks.

About Platinum Power

Platinum Power SA is an independent pan-African electricity provider specialized in the development and financing, as well as the construction and operation of plants for the production of electricity from renewable energy sources. Being a true pioneer in its sector, Platinum Power is present in Morocco, Ivory Coast and Cameroon.

Platinum Power is a company under Moroccan law whose main shareholder is US investment fund Brookstone Partners. It also receives financial backing from public-private investment fund PMEC, whose investors, in turn, include the Moroccan state (through Caisse Centrale de Garantie), the German state (through Kreditanstalt für Wiederaufbau, KfW), the European Investment Bank, Agence française de Développement (French development agency) and further Moroccan institutional investors.
